ADS-B Grant Scheme – Covid-19 FAQs

What if I don't have access to the required evidence during to the Covid-19 lockdown?

Unfortunately, we cannot pay out any claims until all required evidence, including the log-book, ground tests results and invoices, have been received in full. We also require a verification flight to have taken place and for Airways to provide us information relating to that flight.

To allow your claim to be processed as soon as possible we have relaxed restrictions on the claim form allowing you to submit your claim without completing every evidence upload field. Once the COVID-19 lockdown is lifted, you can supply us with any final documentation required by emailing adsb.grants@caa.govt.nz.

Please be assured that once your application is accepted, the funds for your claim will be allocated to you to ensure that you don't miss out.

Can I get the grant if the ADS-B installer is unable to honour my booking within 6 months?

We are extending the 6 month window to 12 months until further notice; if you have a booking, or make a booking, for your ADS-B installation to occur within the next 12 months then you will be permitted to enter the scheme. This extension will be reassessed after NZ's COVID-19 alert level has been reduced to a level that allows for the resumption of normal daily life.

How long will the grant last?

The impact of Covid-19 on the duration of the ADS-B Grants scheme has not yet been determined. However, it has always been our intent to distribute all the funding available. Accordingly, we encourage you to install ADS-B and claim a grant as soon as possible as grants are available on a first in-first served basis.

The hyperlinks are broken! How do I access the scheme?

The CAA systems and New Zealand internet as a whole are currently under great strain. If the pages do not work correctly for you, please try again later. Try and avoid peak times for best results.

I am applying for a retrospective ADS-B installation. Can I go straight to the claim stage?

All applicants, including retrospective applicants, must go through the same Book, Apply, Install & Validate and Claim process. Given that you have already completed steps 1 and 3, the Apply and Claim stages consist of only filling in the forms and providing the required evidence.
